

For three weeks in February, Windsong Intermediate students have been making a difference by reserving their snack money for the benefit of survivors of the Haiti earthquake, with funds collected going to the American Red Cross for relief effort and packages.

On Thursday, February 25th, Windsong presented the Red Cross with a check for \$911.05, just an addition to the \$1,576.40 that Mrs. Gibson's Social Studies class donated to UNICEF from their Hope for Haiti Carwash held on February 13th.

In an effort to continue the loving support for the country-in-need, Windsong's next goal is to encourage remaining Friendswood I.S.D. schools to raise \$1.00 per student for earthquake relief and restoration efforts (Windsong's original and well-exceeded goal).

Congratulations to Windsong Intermediate on their enthusiasm and effort in accomplishing the promotion of the welfare of others!
